Matt Evans
Newport Ventures, Inc.

February 5, 2008

Dear Mr. Evans:

I'm writing in response to your request for new-construction windows that provide exceptional U-factors and are available in New York. My company, which is the five-time ENERGY STAR Partner of the Year Award winner, is dedicated to manufacturing and promoting energy-efficient windows and patio doors for replacement and new-construction applications. We have quite a few products that meet the criteria you're requesting and are offered in New York.

While replacement windows are our primary business, we also manufacture a complete line of vinyl new-construction windows—StarView products. Below is a list of Gorell StarView products that meet your specifications, along with their U-value and SHGC ratings.

Model Name	U-Factor	Solar Heat Gain Coefficient
StarView Double-Hung Window with Thermal Master III Glass	0.22	0.23
StarView Double-Hung Window with Energy Master III Glass	0.27	0.24
StarView Double-Hung Window with Armor Glass Plus Glass	0.30	0.29
StarView Single-Hung Window with Thermal Master III Glass	0.21	0.27
StarView Single-Hung Window with Energy Master III Glass	0.25	0.27
StarView Picture Window with Thermal Master III Glass	0.18	0.28

Gorell—Exclusive Window Partner with
the National Crime Prevention Council.
